

National Healthcare Hackathon @ JECRC University

Template for Submission of details of the Solution

(Last date to submit: 24th-January-2025 Friday)

Team Details

- Team NO: Team Name:
- Names of Team Members with Specializations (e.g., B.Tech., MBBS, MD):
 - (1)
 - (2)
 - (3)
- Contact Information (Phone Number & Email IDs):
 - (1)
 - (2)
 - (3)

Problem Statement Details

Write the number and title of Problem Statement here

Problem Understanding

Brief explanation of the problem and its significance in the healthcare domain in your own words (75 Words)

Proposed Solution (use more slides if you want)

- Describe the proposed solution concept.
- Key features and functionalities of the solution.
- Outline the technology, tools, or methodologies to be used.
- Highlight innovation or uniqueness in the approach.

Implementation Approach (use more slides if you want)

- Tell us about the Step-by-step plan for developing the solution.
- Tell us about the feasibility of implementation in real-world hospital / healthcare settings.
- What are the challenges that you anticipate in the development of the solution and what are your proposed mitigation strategies?

Expected Outcomes and Impact

Write the impact of the solution that you will devise on stakeholders (e.g., patients, doctors, hospitals, attendants, nursing staff etc.) in max. 75 words.
